Washington, DC – Today, Congressman Charlie Gonzalez congratulated the Southwest Trade Adjustment Assistance Center at UTSA for receiving a $1.2 million Trade Adjustment Assistance (TAA) grant to provide worker training programs locally and throughout the Southwestern states. Congressman Gonzalez issued the following statement regarding the funds:

"The Trade Adjustment Assistance program gives American workers the training they need to compete in a 21st Century economy and global marketplace. As a longtime supporter of TAA, I am proud to see the successful work of UTSA rewarded with this new grant. This money will help San Antonians learn new skills to find good jobs, helping to build a better Bexar County."
