The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Su Clinica Medical Equipment Project Fiscal Year 2027. The entity to receive funding for this project is the Su Clinica Familiar, located at 1706 Treasure Hills B, Harlingen, Texas, 78550.

The funding would be used to upgrade the clinic's imaging capabilities by purchasing new digital X-ray equipment, including both medical and dental panoramic X-ray machines, as well as updated sonogram equipment. The project is an appropriate use of taxpayer funds as it will enhance diagnostic capacity, improve patient throughput, and reduce delays in care for underserved populations. Replacing outdated, end-of-life machines will lower maintenance costs and allow providers to make faster clinical decisions, expanding access to same-day appointments and affordable imaging services. Additionally, the new sonogram equipment will strengthen prenatal care services for women in Cameron and Willacy Counties, while the upgraded X-ray systems will deliver critical diagnostic services to predominantly low-income, rural communities served by a federally qualified health center.

This project has a federal nexus as it is for the same purposes authorized under the Public Health Service Act. I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Vicente Gonzalez
Member of Congress
